Therefore Jalsa is a source for moral and spiritual training of the Ahmadis.

- Many men and women write letters to me to this effect.

At the same time Jalsa gives an opportunity to present the true picture of Islam to others.

- This leads to people taking the oath of allegiance

May Allah the Exalted enable the community to benefit from these blessings. May these new converts get totally integrated into the community and the blessings of Jalsa keep expanding. May Allah bless all these people with the benefits of attending the Jalsa and may He makes us truly grateful to Himself.
